Arkansas & Choctaw Railroad.

"Progress." In an article published
in Sunday morning's Citizen, speaks
wholesome truths and expresses our
sentiments exactly, when he says: "In
view of the fact that a suit has been
filed in the district court at this place
asking temporary injunction against
the Arkansas & Choctaw restraining
it from condemning the right-of-way
through this city, the statement from
Little Rock that the road is preparing
to send out a corps of surveyors to
run a line from the Washita river west
to Sudden, leaving this city and Ma-
dill off the line is significant. If the
motion for a temporary injunction is
granted next Tuesday it is probable
that Ardmore will lose the road and
Marietta will get it. A rich country,
tributary to Ardmore will be inter-
sected by a trunk line and our trade
diverted and every citizen in Ardmore
will be the loser. When the Western
Oklahoma wanted to come here our
people went down in their pockets and
secured for them the right-of-way and
yard room, paid for the land and all
its improvements.

Now, when the A. & C. wants to
come here and pay for all improve-
ments taken by it without expense to
the people of the city every obstacle
possible is thrown in its way. Is not
this a mistake on our part?

A glance at the proposed line of
road will not only show that the road
will be a good thing for Ardmore but
also if built by Marietta, which is the
most direct line, the result will be dis-
astrous for us as business point. One
look at the map will show that both
of these propositions are correct. Has
Ardmore all the railroads she needs?
If not, let us all get together and
show the A. & C. that we want the
road."

No one can deny that more roads
are needed in Ardmore, and the more
the better. Our wholesale merchants
are probably the most directly inter-
ested, but every business man in Ard-
more is, to a greater or less extent.

Speedy action must be taken and
such action must be the united effort
of our people. Attend the meeting to-
night at the city hall and there voice
freely your sentiments.

Business Men's Meeting.

There will be a meeting of the Com-
mercial Club and all business men of
the city are requested to attend the
same, at the City Hall Monday night
at 8 o'clock. Business of vast import-
ance to the city, regarding the Ar-
kansas & Choctaw railroad will be in-
troduced.

Brain-Food Nonsense.

Another ridiculous food fad has been
branded by the most competent au-
thorities. They have dispelled the silly
notion that one kind of food is needed
for the brain, another for muscles,
and still another for bones. A correct
diet will not only nourish a particular
part of the body, but it will sustain
every other part. Yet, however good
your food may be, its nutriment is de-
stroyed by indigestion or dyspepsia.
You must prepare for their appearance
or prevent their coming by taking regu-
lar doses of Greene's August Flower,
the favorite medicine of the healthy
millions. A few doses aids digestion
stimulates the liver to healthy ac-
tion, purifies the blood, and makes you
feel buoyant and vigorous. You can
get Dr. G. G. Green's reliable remedies
at City Drug Store, Ardmore and
Madill.

H. C. Watkins, sexton of the Meth-
odist Church, Springfield, Pa., says:
"My wife has been very bad with
kidney trouble and tried several doc-
tors without benefit. After taking
one bottle of Foley's Kidney Cure,
was much better, and was completely
cured after taking four bottles." Bonner & Bonner.
